Forecast For Northwest England
Issued by Met Office Exeter
at 1600 on Monday 05 Apr 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Clear but cold with scattered snow showers Tuesday afternoon.

This Evening and Tonight:
This evening, the odd snow shower may continue for some, but generally skies will clear into the night, allowing for a mostly dry but cold night, with widespread frost developing. Minimum temperature -3 deg C (27 deg F).

Tuesday:
A frosty start to a bright morning, before a scattering of snow showers arrives around noon, continuing through to the evening, clearing again into the night. Cold throughout. Maximum temperature 5 deg C (41 deg F).

Outlook for Wednesday to Friday:
Largely cold, wintry and windy through this period, with widespread frosts. Mainly dry Wednesday, with some overnight rain.Thursday more rain and winds strengthening. Rain followed by wintry showers on Friday.
